

Concepts: Publish/Subscribe Pattern, Technology: AWS SNS

Assumptions

- Students have completed the Async Messaging / SQS in-class exercise

Out of class learning activities

- Watch:
 - The video you previously watched about enterprise messaging explains the Point-to-Point (one-to-one) and Publish-Subscribe (one-to-many) messaging models. Please re-watch the portion of this video starting at 6:35 and ending at 14:35 (duration: 8:00) <https://learning.oreilly.com/videos/enterprise-messaging/9781491911839/9781491911839-video191636>
- Read:
 - Read this brief article about the Publish-Subscribe pattern:
<https://docs.microsoft.com/en-us/azure/architecture/patterns/publisher-subscriber>
- Do:

 - Review the SNS “Frequently Asked Questions” page
<https://aws.amazon.com/sns/faqs/>
